

FREE SEMINAR

A WINNING STRATEGY FOR SELLING YOUR HOME IN 2018

PRESENTED BY: **SUZY MINKEN**, KELLER WILLIAMS REALTY

As a top producing Realtor, **Suzy Minken** will share the key components of a "winning strategy" for achieving the highest price when selling your home. This is an informational seminar for homeowners who are thinking about putting their home on the market in the Spring (or longer term) and want to know what to expect throughout the home selling process.

Using a power-point presentation, Ms. Minken will discuss competitive market trends, evaluating your home's worth, the importance of "right pricing", home staging enhancements, negotiating the offer, home inspection issues and so much more. Ms. Minken will also include a series of "before and after" photos of design changes (big and small) that optimize the value of your home.

This is going to be an exciting and informative event you won't want to miss! Open to all. No cost to attend. **Feel free to contact Ms. Minken at 908-239-9261 or suzyminken@gmail.com for more information.**
